IMPORTANT INSTRUCTIONS

Enclosed is a Notice to Appear. It gives the date, time and place of the hearing you are required to attend.

The Immigration Division has rules of practice and procedures for parties and counsel to follow in its proceedings. The purpose of these instructions is to let you know about some of the more important rules you need to follow. Please email, fax, or call the Registry if you do not know what to do. Most importantly, do not fail to appear at your hearing, and take immediate steps to obtain counsel if you wish to be represented. Do not assume that your hearing will be postponed if you feel you are not ready. The law requires that Immigration Division hearings be held without delay.

1. Security Measures

Additional security measures are being implemented for in-person hearings held at IRB offices. These measures include COVID-19 health and safety , as well as the installation and use of metal detectors and bag searches. A list of prohibited items is available on the IRB website (http://www.irb-cisr.gc.ca/Eng/NewsNouv/info/Pages/ProArtInt.aspx). All persons are expected to refrain from bringing these items onto IRB controlled premises.
All parties including witnesses, bondspersons, family and observers will be subject to the new screening measures.
Information on the new procedures is available at each IRB office and on the IRB's website.
We appreciate your support in making the IRB a safe place to work and visit.

Subject: ***Application Decision – Early Detention Review – BARRETT, Spencer Joseph***

We acknowledge receipt of your application dated November 15, 2024 in the above-mentioned file. The correspondence was reviewed by ADC Alice Tang. The application is as follows:

> "Mr. Barrett is requesting an early detention review. His current 30 day detention review is scheduled for Thursday November 21, 2024 at 11:30am. His request indicates that he has a bondsperson to propose in Oregon, USA and the Division notes that he has not previously proposed a bondsperson. The Minister is opposed to the request and indicate the grounds for detention has not changed. The Division notes that on November 15, 2024 an admissibility hearing was held and Mr. Barrett was found described for being inadmissible to Canada on the grounds of criminality outside of Canada, s.36(2)(b) of IRPA. A deportation order was issued against Mr. Barrett. While the Division would normally allow an application to explore the possible alternative, due to scheduling constraints, the earliest date of a hearing could be Wednesday November 20, 2024, one day earlier than the current scheduled matter. Therefore, the Division will keep the current scheduled date and advise that Mr. Barrett should have his proposed bondsperson available as a witness if required by the presiding member.
>
> The application for an early 30 day detention review is denied and the 30 day detention review will remain as scheduled for Thursday November 21, 2024 at 11:30am PT."

Respectfully,

The BCIHC has a Chaplain available for both in person and virtual detainee religious resources and pastoral support. Our Multi-Faith Chaplain can serve any general faith-based needs you might have, as well as connect you with available supports from your faith community. If you have concerns regarding your religious dietary needs, the Chaplain can consult with local dietary authorities. You can make an appointment with our Chaplain by advising the unit guards. The Sacred Space is located in the same area as the facility's gym and can be accessed at various times throughout the day.

MAP Program Services

The BCIHC holds weekly sessions to connect detainees with representatives from non-profit community-based agencies. The sessions offer a safe space for detainees to speak on any concerns and identify personal needs. These agencies will work to connect you with the appropriate community support organizations to ensure you receive the necessary resources and support. For refugee claimants, the agencies will assist in locating transition housing to ensure accommodation upon release from detention. The weekly sessions will also help you become informed on immigration, housing, finances, health, legal aid applications and other needs

Sexual Assaults

The CBSA has a zero tolerance policy against the sexual abuse or assault of anyone under Immigration detention. While you are detained at the IHC, you have the right to be safe and free from sexual advances, sexual abuse and sexual assaults. No one has the right to pressure you to engage in sexual acts or unwanted sexual behaviour. If anyone, including another client, staff member or service provider tells you they can help you in regards to your

Immigration process or status, this is untrue.

If you experience sexual abuse or sexual assault while detained at the IHC, please report the incident as soon as possible to a CBSA officer or CBSA Manager or security guard. All allegations of sexual abuse or sexual assault that are reported to the CBSA will be immediately investigated, referred for appropriate medical assessment, and reported to law enforcement authorities for investigation and possible criminal prosecution.

No one can retaliate against you for reporting sexual abuse or assault, participating in an investigation about sexual abuse or assault, or participating in sexual activity as a result of force, coercion, threats, or fear of force.

IMPORTANT – consensual sexual conduct between detainees is also prohibited. Although consensual sex between adult clients is not sexual abuse or assault, it is against the facility rules and strictly prohibited while you are being housed at the IHC.

BUT EMERGENCY PREPAREDNESS: if this province only produces 70% of its own food,
But FOOD isn't the only thing we need, we need shelters to withstand Natural and made disasters - Maybe all ye sheep will be fine cramming underground, while the elites enjoy the priviledge of actually giving a fuck & creating strongholds, above ground, on sea and air;
But while the sheep continue to disrespect and dumb down one person whose actually trying to help... A GENIUS APPEARS AS A MADMAN ~~WHEN~~ ~~SURROUNDED~~ BY TO RETARDS... (imagine how stressful / insulting it is to be surrounded by retards) Some will actually be offended because you are so much better than them, and instead of LISTENING, like a good student, they believe it is submission and/or weakness... They cannot even listen like a good student, their attentions are to small... WE NEED A REAL DISCIPLINARIAN someone these retarded children fear in order to teach them (the guards are the most retarded children) otherwise they will lead us off a cliff, instead of teaching us how we can ACTUALLY FLY

It is important to keep all medication out of sight and reach of children as many containers (such as weekly pill minders and those for eye drops, creams, patches, and inhalers) are not child-resistant and young children can open them easily. To protect young children from poisoning, always lock safety caps and immediately place the medication in a safe location – one that is up and away and out of their sight and reach. https://www.upandaway.org [https://www.upandaway.org]

Unneeded medications should be disposed of in special ways to ensure that pets, children, and other people cannot consume them. However, you should not flush this medication down the toilet. Instead, the best way to dispose of your medication is through a medicine take-back program. Talk to your pharmacist or contact your local garbage/recycling department to learn about take-back programs in your community. See the FDA's Safe Disposal of Medicines website (https://goo.gl/c4Rm4p [https://goo.gl/c4Rm4p]) for more information if you do not have access to a take-back program.

In case of emergency/overdose

In case of overdose, call the poison control helpline at 1-800-222-1222. Information is also available online at https://www.poisonhelp.org/help [https://www.poisonhelp.org/help] . If the victim has collapsed, had a seizure, has trouble breathing, or can't be awakened, immediately call emergency services at 911.

If someone takes more than the recommended dose of acetaminophen, get medical help immediately, even if the person does not have any symptoms. Symptoms of overdose may include the following:

- nausea
- vomiting
- loss of appetite
- sweating
- extreme tiredness
- unusual bleeding or bruising
- pain in the upper right part of the stomach
- yellowing of the skin or eyes
- flu-like symptoms

What other information should I know?

Before having any laboratory test, tell your doctor and the laboratory personnel that you are taking acetaminophen.

Ask your pharmacist any questions you have about acetaminophen.

It is important for you to keep a written list of all of the prescription and nonprescription (over-the-counter) medicines you are taking, as well as any products such as vitamins, minerals, or other dietary

Universal Declaration of Human Rights

The Universal Declaration of Human Rights (UDHR) is a milestone document in the history of human rights. Drafted by representatives with different legal and cultural backgrounds from all regions of the world, the Declaration was proclaimed by the United Nations General Assembly in Paris on 10 December 1948 (General Assembly resolution 217 A) as a common standard of achievements for all peoples and all nations. It sets out, for the first time, fundamental human rights to be universally protected and it has been translated into over 500 languages. The UDHR is widely recognized as having inspired, and paved the way for, the adoption of more than seventy human rights treaties, applied today on a permanent basis at global and regional levels (all containing references to it in their preambles).

Preamble

Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world,

Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people,

Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law,

Whereas it is essential to promote the development of friendly relations between nations,

Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom,

Whereas Member States have pledged themselves to achieve, in co-operation with the United Nations, the promotion of universal respect for and observance of human rights and fundamental freedoms,

Whereas a common understanding of these rights and freedoms is of the greatest importance for the full realization of this pledge,

Now, therefore,

The General Assembly,

Proclaims this Universal Declaration of Human Rights as a common standard of achievement for all peoples and all nations, to the end that every individual and every organ of society,

REASONS FOR DECISION

INTRODUCTION

[1] This is the decision of the Refugee Protection Division (RPD) in the claim of Spencer Joseph Barrett as a citizen of the United States of America who is claiming refugee protection pursuant to section 96 and subsection 97(1) of the *Immigration and Refugee Protection Act* (the "*Act*")[1].

[2] The Minister of Public Safety and Emergency Preparedness (the Minister) has intervened in this claim on the ground of program integrity.

ALLEGATIONS

[3] The following is a summary of the claimant's allegations as found in his Basis of Claim (BOC) form, narrative, and testimony. The claimant is a 30-year-old American man who alleges a risk of harm from the Oregon Judicial Department,[1] the United States Federal Court,[2] the government of the USA,[3] and pharmaceutical companies[4,5,6] of the USA.

[4] The claimant alleges to be an environmental activist, and that he fears the agents of harm in this case due to the claimant's whistleblowing against pharmaceutical companies. The claimant also alleged that he fears returning to the USA as he fears President Donald Trump. The claimant stated that he has made a "meme" against Trump, and that he fears being targeted by officials of the USA and Trump supporters due to the post.

1 of several well founded reasons

DETERMINATION

[5] I find that the claimant is neither a Convention refugee nor a person in need of protection.

Identity

[6] I find that the claimant's personal identity and his identity as a national of the USA have been established by his American passport found at Exhibit 1.

Nexus

[7] In order to satisfy the definition of a "Convention refugee" found in section 96 of the *IRPA*, a claimant must establish that he or she faces a serious possibility of persecution on account of his or her race, religion, nationality, membership in a particular social group or political opinion in his or her country of nationality.

[8] In this case, I find that the claimant's allegations do not establish a nexus to any of the five Convention grounds. As such, this claim will be assessed under section 97(1) of the *Act*.

Credibility, Rish of s.97(1) Harm

[9] After assessing the totality of the evidence before me, I find on a balance of probabilities that the claimant has not established the allegations of risk he faces in the USA.

[10] In assessing the claimant's credibility, I accept that the claimant is telling the truth as is honestly perceived by the claimant. However, I find that the claimant's testimony is not trustworthy, and therefore not credible, as the claimant's allegations are not reliable. There is no reliable or credible evidence before me to establish that the claimant is being targeted by the Oregon Judicial Department, the Federal Court of the USA, the government of the USA, or pharmaceutical companies of the USA.

[11] While the claimant alleges to be an environmental activist and a whistleblower against big pharmaceutical companies, and notes in his BOC form that he will "likely [be] killed like JFK, MLK, or Ghandi", there is no reliable evidence before me which would establish that the claimant is a real environmental activist, a whistleblower, or has actually been targeted, in reality, by the agents of harm described in the paragraph above.

[12] I recognize that there is no general requirement for a claimant to provide corroborating documents, and that testimony alone can establish a claim. The Board however is entitled to draw conclusions concerning an applicant's credibility based on implausiblities, common sense and rationality. The Board can reject evidence, including testimony, where it is inconsistent with the probabilities affecting the case as a whole.

[13] The Federal Court in *Valtchev v. Canada*[2] states the following:

> A tribunal may make adverse findings of credibility based on the implausibility of an applicant's story provided the inferences drawn can be reasonably said to exist. However, plausibility findings should be made only in the clearest of cases, i.e., if the facts as presented are outside the realm of what could reasonably be expected, or where the documentary evidence demonstrates that the events could not have happened in the manner asserted by the claimant. A tribunal must be careful when rendering a decision based on a lack of plausibility because refugee claimants come from diverse cultures, and actions which appear implausible when judged from Canadian standards might be plausible when considered from within the claimant's milieu.

[14] While I acknowledge the Federal Court's caution to reserve findings of implausibility to the clearest of cases, this is such a clear case, in my view. I find the facts and allegations which the claimant has presented, namely that he is being targeted by the Oregon Judicial Department, the US Federal Court, and pharmaceutical companies due to the claimant's "human rights and peace activism" and his "persistent belief in love and constant actions for world peace… and preparing heaven on Earth for the return of Christ" are outside the realm of what could reasonably be expected in the contexts in which they have been said to have occurred.

[15] The claimant has elaborated in his testimony that after he had "created a meme against" President Trump, he was assaulted the same day. While it is unfortunate that the claimant was the target of an unprovoked attack, I find it more likely than not that the claimant's fear of harm stems from speculation, rather than actual risk. The allegations that the government of the USA, its judiciary, and pharmaceutical companies are part of a conspiracy against the claimant are outside of the realm of what could reasonably be expected, in light of the lack of available evidence before me. While the claimant could have been targeted by another individual in an act

[2] *Valtchev v. Canada (Minister of Citizenship and Immigration)*, 2001 FCT 776

of random violence, there is insufficient evidence before me to connect the attack to any of the agents of harm in this case.

[16] The objective evidence contained in the NDP for the USA confirms that the United States is a federal republic whose people benefit from a vibrant political system, a strong rule-of-law tradition, robust freedoms of expression and religious belief, and a wide array of other civil liberties. The United States benefits from strong structural safeguards against official corruption, including a traditionally independent law enforcement system, a free and vigorous press, and an active civil society sector.[3]

[17] The claimant has submitted documentary evidence in support of his claim. The disclosure, which was 296 pages in its entirety, contain illegible handwritten notes and photographs of faded carbon-copy documents. However, from the disclosure provided by the claimant, some of the documents that are legible are as follows.

1. A petition for dissolution of marriage, petitioned by the claimant's ex-wife, filed at the Maricopa County Superior Court.

2. Multiple grievance forms and disciplinary hearing forms from the Oregon Department of Corrections, where the claimant had spent time in custody.

[18] In my view, the documents submitted only corroborate the claimant's own personal belief, which I have found to be not reliable or credible. I find that these documents are neither relevant nor probative, and I assign these documents no weight for the following reasons.

[19] The documents provided by the claimant are not relevant to the case at hand. The documents make no mention of the claimant's alleged whistleblowing, environmental activism, or involvement in "preparing heaven on Earth for the return of Christ". Simply put, while I have no reasons to doubt the genuineness or the authenticity of these documents, these documents are

[3] Exhibit 3. National Documentation Package, United States, 31 January 2024, tab 2.1: United States. Freedom in the World 2023. Freedom House. 2023.

given no weight as they are, at face value, not relevant to the central elements of the claimant's allegations.

[20] After considering all of the evidence before me, I find that there is insufficient credible or trustworthy evidence to establish that the claimant was targeted by the government of the USA, its judiciary, or pharmaceutical companies in the USA. While I accept that the allegations advanced by the claimant may be true to him, I find that his beliefs are rooted in implausibilities which are not supported by any credible or reliable evidence.

[21] Where the claimant has not established his central allegations on a balance of probabilities, I find that the claimant has not established that he faces a serious possibility of persecution or a personal risk of s.97(1) harms as enumerated in the *Act*, should the claimant return to the United States of America.

[22] As such, this claim is rejected.

CONCLUSION

[23] For the foregoing reasons, I find that the claimant is neither a Convention refugee nor a person in need of protection. I reject his claim.

Stop taking acetaminophen and call your doctor if your symptoms get worse, you develop new or unexpected symptoms, including redness or swelling, your pain lasts for more than 10 days, or your fever gets worse or lasts more than 3 days. Also stop giving acetaminophen to your child and call your child's doctor if your child develops new symptoms, including redness or swelling, or if your child's pain lasts for longer than 5 days, or if a fever gets worse or lasts longer than 3 days.

Do not give acetaminophen to a child who has a sore throat that is severe or does not go away, or that occurs along with fever, headache, rash, nausea, or vomiting. Call the child's doctor right away, because these symptoms may be signs of a more serious condition.

Other uses for this medicine

Acetaminophen may also be used in combination with aspirin and caffeine to relieve the pain associated with migraine headache.

This medication is sometimes prescribed for other uses; ask your doctor or pharmacist for more information.

What special precautions should I follow?

Before taking acetaminophen,

- tell your doctor and pharmacist if you are allergic to acetaminophen, any other medications, or any of the ingredients in the product. Ask your pharmacist or check the label on the package for a list of ingredients.
- tell your doctor and pharmacist what prescription and nonprescription medications, vitamins, nutritional supplements, or herbal products you are taking or plan to take while taking acetaminophen. Your doctor may need to change the doses of your medications or monitor you carefully for side effects.
- The following nonprescription products may interact with acetaminophen: medications for pain, coughs, fever, and colds. Be sure to let your doctor and pharmacist know that you are taking these medications before you start taking acetaminophen. Do not start any of these medications while taking acetaminophen without discussing with your healthcare provider.
- tell your doctor if you have ever developed a rash after taking acetaminophen.
- tell your doctor if you are pregnant, plan to become pregnant, or are breast-feeding. If you become pregnant while taking acetaminophen, call your doctor.
- if you drink three or more alcoholic beverages every day, do not take acetaminophen. Ask your doctor or pharmacist about the safe use of alcoholic beverages while taking acetaminophen.
- you should know that combination acetaminophen products for cough and colds that contain nasal decongestants, antihistamines, cough suppressants, and expectorants should not be used in children younger than 2 years of age. Use of these medications in young children can cause serious and life-threatening effects or death. In children 2 through 11 years of age, combination cough and cold products should be used carefully and only according to the directions on the label.
- if you have phenylketonuria (PKU, an inherited condition in which a special diet must be followed to prevent damage to your brain that can cause severe intellectual disability), you should know that some

Talk to your pharmacist or doctor if you have questions about the safe use of acetaminophen or acetaminophen-containing products.

Why is this medication prescribed?

Acetaminophen is used to relieve mild to moderate pain from headaches, muscle aches, menstrual periods, colds and sore throats, toothaches, backaches, reactions to vaccinations (shots), and to reduce fever. Acetaminophen may also be used to relieve the pain of osteoarthritis (arthritis caused by the breakdown of the lining of the joints). Acetaminophen is in a class of medications called analgesics (pain relievers) and antipyretics (fever reducers). It works by changing the way the body senses pain and by cooling the body.

How should this medicine be used?

Acetaminophen comes as a tablet, chewable tablet, capsule, suspension or solution (liquid), extended-release (long-acting) tablet, and orally disintegrating tablet (tablet that dissolves quickly in the mouth), to take by mouth, with or without food. Acetaminophen is available without a prescription, but your doctor may prescribe acetaminophen to treat certain conditions. Follow the directions on the package or prescription label carefully, and ask your doctor or pharmacist to explain any part you do not understand.

If you are giving acetaminophen to your child, read the package label carefully to make sure that it is the right product for the age of the child. Do not give children acetaminophen products that are made for adults. Some products for adults and older children may contain too much acetaminophen for a younger child. Check the package label to find out how much medication the child needs. If you know how much your child weighs, give the dose that matches that weight on the chart. If you don't know your child's weight, give the dose that matches your child's age. Ask your child's doctor if you don't know how much medication to give your child.

Acetaminophen comes in combination with other medications to treat cough and cold symptoms. Ask your doctor or pharmacist for advice on which product is best for your symptoms. Check nonprescription cough and cold product labels carefully before using two or more products at the same time. These products may contain the same active ingredient(s) and taking them together could cause you to receive an overdose. This is especially important if you will be giving cough and cold medications to a child.

Swallow the extended-release tablets whole; do not split, chew, crush, or dissolve them.

Place the orally disintegrating tablet ('Meltaways') in your mouth and allow it to dissolve, or chew it before swallowing.

Shake the suspension well before each use to mix the medication evenly. Always use the measuring cup or syringe provided by the manufacturer to measure each dose of the solution or suspension. Do not switch dosing devices between different products; always use the device that comes in the product packaging.

IMPORTANT WARNING:

Taking too much acetaminophen can cause liver damage, sometimes serious enough to require liver transplantation or cause death. You might accidentally take too much acetaminophen if you do not follow the directions on the prescription or package label carefully, or if you take more than one product that contains acetaminophen.

To be sure that you take acetaminophen safely, you should

- not take more than one product that contains acetaminophen at a time. Read the labels of all the prescription and nonprescription medications you are taking to see if they contain acetaminophen. Be aware that abbreviations such as APAP, AC, Acetaminophen, Acetaminoph, Acetaminop, Acetamin, or Acetam. may be written on the label in place of the word acetaminophen. Ask your doctor or pharmacist if you don't know if a medication that you are taking contains acetaminophen.
- take acetaminophen exactly as directed on the prescription or package label. Do not take more acetaminophen or take it more often than directed, even if you still have fever or pain. Ask your doctor or pharmacist if you do not know how much medication to take or how often to take your medication. Call your doctor if you still have pain or fever after taking your medication as directed.
- be aware that you should not take more than 4000 mg of acetaminophen per day. If you need to take more than one product that contains acetaminophen, it may be difficult for you to calculate the total amount of acetaminophen you are taking. Ask your doctor or pharmacist to help you.
- tell your doctor if you have or have ever had liver disease.
- not take acetaminophen if you drink three or more alcoholic drinks every day. Talk to your doctor about the safe use of alcohol while you are taking acetaminophen.

Please view Security footage around 21:05 - 21:10, after I had submitted complaint against Dillon & regarding his behavior & then tried to talk to him about it, he came closer then guard Khan came closer too minutes later when I was upset at my being treated unfairly (BOTH DETAINEES SHOULD BE SENT TO ROOM otherwise it looks like favoritism, double standard... In both cases I was NOT LISTENED TO and instead intimidated by physical action/motion towards me - THIS IS DIFFERENT, NOT THE SAME AS VERBAL "insults" when I talked Dillon not to touch me again, he came closer when I told guard Khan it was unfair & I do not need to talk to him it was already in writing.

Gather and submit evidence that supports your claim and your identity

If you have not done so already, provide us with evidence that supports your claim for refugee protection. This means collecting and submitting documents that show you are telling the truth about what happened to you in your country. Evidence includes documents such as police reports, medical records, newspaper articles, photographs, letters, emails, membership cards in a political or professional union or group, documents establishing your religion, and so on.

You must also establish your identity, which includes information such as your name, date of birth, citizenship, etc. You do this with documents proving you are a citizen of your country, such as a passport, national identity card, military service record, marriage certificate, or school transcripts.

If the documents are in a language other than English or French, you must provide an English or French translation of each document.

We must receive a copy of any documents you wish to use at your hearing no later than 10 days before the date of your hearing. Include a cover page that lists all of the documents you submit to us. Also, number the pages of those documents in consecutive order (1, 2, 3, etc.). If directed, you must provide the originals of these documents to the Division. Originals of documents submitted as evidence must be kept in the event they are requested.

Submit names of witnesses, if any

In addition to documentary evidence, you may also bring a witness to the hearing. A witness is someone who has information that will support your claim. For example, a witness may be someone who has either seen what happened to you or experienced the same problems. Notify us about the witness no later than 10 days before the date of your hearing, and submit the following information:

- witness name and contact information
- a brief description explaining why the witness will testify

Review the National Documentation Package for your country

The RPD produces a collection of documents called a National Documentation Package (NDP) for use by the Member (decision-maker) at your hearing. The NDPs contain information on the conditions in every country from where there has been a claim for refugee protection.

At your hearing, the Member will consider the information included in the NDP for your country when making a decision on your claim. You can review a copy of the most recent NDP for your country on our website at www.irb-cisr.gc.ca/en/country-information/ndp/.

Preparing for your refugee claim hearing

Your hearing is the central event in your refugee claim. This is the point at which a Member (decision-maker) of the Refugee Protection Division (RPD) decides whether you are a Convention refugee or a person in need of protection. The following information should help you as you prepare for your hearing.

Know what to expect

Sign up for a Ready Tour so that you know what to expect during your hearing. Ready Tours educate, orient, and support you as you prepare for your refugee hearing. Tours are available for free online and in many Canadian cities. To register for a tour, visit https://myrefugeeclaim.ca/en/ready-tours/.

Keep your contact information up to date

If your contact information changes, let us know in writing right away (see above for our mailing address). You must also notify Immigration, Refugees and Citizenship Canada (IRCC) and/or the Canada Border Services Agency (CBSA) of the changes in writing.

If we cannot reach you, we may decide you have abandoned or given up your claim for refugee protection. This means you would lose the right to have your claim for refugee protection heard.

Seek out legal help

If you have not done so already, consider hiring a lawyer, immigration consultant, paralegal (Ontario only), or a notary public (Quebec only) to help you through the refugee claim process and at your hearing. These professionals are referred to as "counsel".

If you want to hire counsel, you should do so as soon as possible. Although you are responsible for paying for your counsel you may be eligible to receive help from a legal aid agency in your province. Or, if you prefer, you can choose to represent yourself or ask someone you trust to help you for free.

If you ask a friend, family member, or volunteer to represent you, they cannot charge you a fee. In this situation, the person must complete the Notice of Representation Without a Fee or other Consideration form (the form is available on our website at www.irb-cisr.gc.ca/en/forms/Pages/IrbCisr10103.aspx).

If you hire counsel after receiving this Notice to Appear

If you hire or change counsel, you must:

- Send us their contact information in writing. Contact information includes your counsel's name, address, telephone number, fax number, and email address (a form is available on our website at www.irb-cisr.gc.ca/en/forms/Pages/IrbCisr10102.aspx).
- Notify IRCC and/or the CBSA of your counsel's contact information in writing.
- Give your new counsel all documents related to your claim, including any documents given to you or any previous counsel by the RPD or another party.

Your counsel must be available and ready to proceed on the scheduled date. The RPD rarely changes the date or time of a hearing because your counsel cannot attend.

Change the language of your hearing or interpreter, if necessary

When you filled out your Basis of Claim form, you selected either English or French as the language in which we would communicate with you, including at your hearing. You also indicated the language and dialect you wanted an interpreter to speak. If you wish to change the official language used at your hearing or change the language or dialect of your interpreter, you must notify us in writing no later than 10 days before the date of the hearing.

Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices. For more information about the security of virtual refugee protection hearings, including the security measures that Government of Canada staff and contractors take, please review the guide at www.irb-cisr.gc.ca/en/legal-policy/procedures/Pages/rpd-virtual-hearings-guide.aspx.

How to request a different type of hearing:

If you have concerns about your device, location or otherwise participating in a virtual hearing, you can contact the RPD and request to **use a computer at an IRB office to participate in the hearing virtually**. Please contact us at least 10 working days prior to your hearing if you want to come to the IRB office. No form is required.

You can also request **an in-person hearing**. At an in-person hearing, you and the RPD decision-maker attend in-person together at an IRB office. Other participants, such as interpreters or witnesses, may participate in-person or virtually at the IRB's discretion.

To request an in-person hearing, you must submit an application to the RPD by completing the form on the IRB's website: https://irb.gc.ca/en/forms/Documents/RPD-In-person-hearing-form-May-2022.pdf.

The form provides you with important information to help you explain your reasons for your application.

You do not have to provide reasons if:

- ✓ You are not represented by counsel.
- ✓ You have previously been granted, or have submitted a request for, procedural accommodations.
- ✓ You are detained.
- ✓ You are an unaccompanied minor.
- ✓ You are subject to a special hearing on abandonment.

IMPORTANT: Please let us know as soon as possible if you would like an in-person hearing or if you would like to attend your virtual hearing at an IRB office. If your request is made within ten working days of your hearing you must provide an explanation of why your request is late.

How to apply to change the date or time of this hearing

When scheduling, the RPD makes efforts to accommodate the availability of all parties and counsel: https://irb-cisr.gc.ca/RPD-scheduling. Parties may make an application to change the date and time of the hearing if it would be unfair to proceed on the date selected by the Division. As per RPD Rule 54, all applications to change the date or time of a proceeding must be made without delay and received by the Division no later than three working days before the date fixed for the proceeding, unless the application is made for medical reasons or other emergencies.

An abandonment hearing will be held if you do not appear for your refugee protection hearing

If you do not attend your hearing on the date indicated above, the IRB will hold a special hearing called an abandonment hearing to decide whether you may continue with your claim for refugee protection. If the IRB decides that your claim has been abandoned, this can have serious consequences for you.

If you do not connect to the hearing on the date indicated above, a notice will be sent to you with details of when and how to connect to the abandonment hearing. You will need to connect to the abandonment hearing in order to:

- explain why you did not attend your refugee protection hearing; and
- discuss any factors that are relevant to whether your claim should be declared abandoned, including whether you are ready to start or continue the proceedings.

Notice to Appear for a Virtual Pre-Hearing Conference for your Refugee Protection Claim

RPD File: VC4-28458
UCI: 1142284332

Spencer Joseph Barrett

Your claim for refugee protection has been scheduled for a virtual hearing

- Your hearing has been scheduled for **December 31, 2024** at **9:00 AM PT**. Please connect to your hearing **at 8:45 AM PT** to allow one of our staff to check you in online to ensure that your audio and video are working before the hearing starts
- You will receive a link to access the hearing by e-mail about five days before your hearing. If you have counsel, the link will be sent to them and your counsel should share that link with you. You will be able to access the hearing through that link using a web browser or the Microsoft Teams app.
- For more details about virtual refugee protection hearings, please review the guide at www.irb-cisr.gc.ca/RPDVirtualHearingGuide. If you have additional questions, or need technical support prior to your hearing, please call 1-833-931-5121.

Privacy and technical requirements for virtual hearings

In order to attend a virtual hearing, you must meet the following privacy and technical requirements:

- You have a private place from which to participate in the hearing.
- You have a computer, tablet, or cellphone with a camera (webcam).
- You have access to reliable high speed Internet (at least 1.5 Mbps). For security, public networks, such as those in cafés, should not be used to access your hearing.
- You have access to a telephone, so that we can call you if there is a connection problem.
- Your computer/tablet/cellphone and your Internet connection are secure and private. You should take all appropriate steps listed in the Government of Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices, including having a legally licensed operating system, up-to-date security patches, and anti-virus and anti-spyware software, if such security measures are available for your device.

If you do not meet these requirements, or you have any other concerns about having a virtual hearing, please write to the Refugee Protection Division (RPD) without delay to ask that your hearing proceed from an IRB office.

Risks of participating in a remote virtual hearing

- There is a risk that a third party could obtain information being shared over the Internet during a remote virtual hearing.

The IRB has no control over the security of the personal computers or cellphones that claimants, counsel, witnesses, observers, and other non-Government of Canada staff may use to connect to a virtual hearing and there is a chance that there could be a security breach of a participant's personal device.

To reduce the chance of a security breach and information being disclosed, participants should ensure that they, and anyone else they invite to attend the hearing, take reasonable precautions to secure their electronic device(s). This includes ensuring that the electronic device they use at the hearing complies with the Government of

(1/7) Its time to take peoples concerns seriously - if you really cared you would give me 3 extra books (to learn more & be smarter than a couch potato with puzzles) I have 2 religious books & fantasy, I want a dictionary, an ecological book on trees of BC and a historical book (Gore Vidal 1876) and let me have a Goddamn pen in my room to prepare for my hearing and have the same fighting chance as the assholes doubting/persecuting me. ☆ COMPLETE to the best of my ability, given my circumstances...

//// (1/10) Vomitted during yesterdays hearing!... then today ~1500 woke up from the 3rd nightmare I've had, in a month, involving needles, involuntary drug administration (1@ hospital into temple 2@ ~a week or 2 ago lady offered ganja syrup too after needle (why not just give me the ganja, consensually) and 3 today, asian doctor smiling with needle - Terrifying, needless and what gross medicine rapings) so I called justice so ruthless and told him to tell Veronica: I need her help going after my family for medical malpractice, involuntarily also administering medication without providing alternative options - in a voicemail because he did not answer.. I have unfortunately not been writing my dreams because of the asshole observer effect, readers who are not transparent in return and who value my writings, but do not value me or my right to consent. Hope Veronica can stand up to the abusive "authorities" who drug children without giving them opportunity to be heard, speak... THE REAL PSYCHOS, BIG PHARMA and rape doctors who really, blindly, ignorantly think theyre helping with their false claims to authority & bad listening (patriarchal toxic dominance from people with the letters after their name to abuse and misuse for far too long) BUT some good dreams I do want to remember, riding on a humpback whale with barnacles growing on its back in a small/largish cove with grassy shore line... the whale hugged me closely and I felt loved... a week ago. The day of my hearing I had rode in a small buggy to a sort of Amish type farm, the owner/headmaster liked me but a lesser/worker seemed upset by my presence and/or had to redesign his constructing of what appeared to be stables for people to live in? in a sort of Wood Barn, this was after I recieved a lucky or gratuitous letter, compared to what others in line had recieved (a line of slaved/orphans/trapped/caged men receiving their next "assignment"..) ~~with~~ I also have seen alex multiple times and Colleen had on the 2 "STAB" "PMTS" stabbed me with knife after (saying "I didnt care!" ~~believe~~ while I was comparing images of myself and Colleen's similar features (Thinking I was witnessing passively) backpacking, planned to reach air bnb spot but snapped at me

(1/9) 1122 first of all its a single stage test that is simply to determine, no notice requirement, specifically any claimant should be aware... Not something specifically... while we've heard specific entities, what the claimant fears, what we haven't heard is objective documentary evidence is civil suit?... TZ certainly hurdles but that is not persecutory... secondly, acts of violence /// thank you S: S please listen- going to consider all evidence submitted and will render decision, will be able not exactly sent when or how, copy of Decision... sorry just before you do this, Because S is in immigration holding center- given top priority - TOP of you //DID AS MUCH AS A CITIZEN CAN BE EXPECTED TO DO, wish I had body cam & recording to provide more objective evidence... /// well, as they observed my inner & outer spaces w/out my consent I flashed my buttocks and gave it a spanking (self serve), I exited, then returned with a middle finger, "for you Daniel Patty" I flashed the middle finger on my right hand then shoved it through a tiny hole made by my left thumb & index finger, spread it apart until my fist burst through and with the fist held high in the air blasted off into the ethers/sky to meet Jimmy carters casket head on in order to see the rights to the burial of his bones are PROPERly performed.) (Disclosure: The "real" father of SJB DPB is not the same as the above mentioned, which exists in my imagination but not the real tangible verifiable concrete reality where I have proof of his medical malpractice and a legitimate reason for a restraining order. This may or may not apply to all past relations who are evidently/objectively to be charged with conspiracy to murder SJB by there continued negligence, lack of response to well founded fears against not only SJB's whistleblowing "Big Mouth", but also to his closest, most dear family, friends, cities, ecosystems, nations, bioregions, planets, solar systems, Galaxies and Universes within & without his observ-ational capabilities... oh yeah, first verifiable, provable, record attempt to silence/"shut"/close/shrink my big Mouth by Dr. Sheets orthod-ontics /// → STRICTLY as an archivist & Minister of Unitarian Univers-alism: LOVE/TRUTH/LIFE/Transparent HAPPINESS ///

Notice to Appear for a Virtual Hearing for your Refugee Protection Claim

RPD File: VC4-28458
UCI: 1142284332

Spencer Joseph Barrett

Your claim for refugee protection has been scheduled for a virtual hearing

- Your hearing has been scheduled for **January 9, 2024** at **10:00 AM PT**. Please connect to your hearing **at 9:45 AM PT** to allow one of our staff to check you in online to ensure that your audio and video are working before the hearing starts
- You will receive a link to access the hearing by e-mail about five days before your hearing. If you have counsel, the link will be sent to them and your counsel should share that link with you. You will be able to access the hearing through that link using a web browser or the Microsoft Teams app.
- For more details about virtual refugee protection hearings, please review the guide at www.irb-cisr.gc.ca/RPDVirtualHearingGuide. If you have additional questions, or need technical support prior to your hearing, please call 1-833-931-5121.

Privacy and technical requirements for virtual hearings

In order to attend a virtual hearing, you must meet the following privacy and technical requirements:

- You have a private place from which to participate in the hearing.
- You have a computer, tablet, or cellphone with a camera (webcam).
- You have access to reliable high speed Internet (at least 1.5 Mbps). For security, public networks, such as those in cafés, should not be used to access your hearing.
- You have access to a telephone, so that we can call you if there is a connection problem.
- Your computer/tablet/cellphone and your Internet connection are secure and private. You should take all appropriate steps listed in the Government of Canada's "Cyber Safe" recommendations at www.getcybersafe.gc.ca/en/secure-your-devices, including having a legally licensed operating system, up-to-date security patches, and anti-virus and anti-spyware software, if such security measures are available for your device.

If you do not meet these requirements, or you have any other concerns about having a virtual hearing, please write to the Refugee Protection Division (RPD) without delay to ask that your hearing proceed from an IRB office.

Risks of participating in a remote virtual hearing

- There is a risk that a third party could obtain information being shared over the Internet during a remote virtual hearing.

The IRB has no control over the security of the personal computers or cellphones that claimants, counsel, witnesses, observers, and other non-Government of Canada staff may use to connect to a virtual hearing and there is a chance that there could be a security breach of a participant's personal device.

To reduce the chance of a security breach and information being disclosed, participants should ensure that they, and anyone else they invite to attend the hearing, take reasonable precautions to secure their electronic device(s). This includes ensuring that the electronic device they use at the hearing complies with the Government of

(1/14) ☆ OR TO NDE'S // funny commercial: "I dont trust anyone to

a Scare crow and loudly screeches/caws // find Spirit
verses scribed/copied //// (1/15) The fear that Mckenna
damaged or destroyed my archival material has returned
and made me sorrowful... "But she thought thats what
you wanted", no I made sarcastic insults @ people who
thought an eternal record/Akashic doesnt exist or that
they could rid the truth, I WAS MAKING FUN of every
asshole who didnt believe in the all seeing — AND NOW,
IF SHE DID, MY ONLY FUCKING PROOF — LIFE'S WORK —
ATTEMPT TO DOCUMENT/RECORD AS MUCH AS POSSIBLE
— There was nothing bad on it except vulgar language.
I WANT MY ARCHIVE.. I'm worried I already saw this
truth/prediction/Hex and ~~that~~ can see some meaning in
anything; but its still sorrowful, like the passing of a
loved one. I hope it still exists, I wanted all to be
seen/known but WHY, I thought they/someone would
work with me in securing these fucking things when I
published the transparency initiative, so WHO DO I
HAVE TO BLAME? MY PARENTS, FAMILY, NATION
who killed my Grandma (priceless), who stole my child (priceless)
and my priceless record/memories/archived materials
I HATE THEM for their ignorance; I hate them for
not knowing Love, for not knowing my love of archiving,
I HATE THEM for stealing what is priceless to me
YOU FUCKING IDIOTS.. how much work that takes
to preserve/backup 10-years of work on nature,
vlogging, so much fucking DATA — THAT PROBABLY
WOULD'VE JUST BEEN USED AGAINST ME (not because
the content was bad/inappropriate or illegal but because
thats what Corporations are currently doing — USING
ALL OUR DATA AGAINST US, not to make us better,
but to control & abuse us... STILL I DONT KNOW IF IT
EXISTS OR NOT BECAUSE I HAVE NO CIVIL RIGHTS
PROTECTION OF PROPERTY, ACCESS TO COURTS —
FUCK YOU NEGLIGENT wasteful, SLOW Retards wasting all our life, health potential 129

(1/15) reasons I would love to have it to edit (to maintain my own against the surveillance state & BIG BUSINESS/DATA prison military complex) Because I love to archive, I love to see the change, now I just have 2010-15 ish backed up @ home on separate & that stuff is garbage, I got better Improved in style/direction/composition.. BUT I SAW THIS years ago, while cleaning/abating a house for atez, using their bathroom, a poets hatred for a partner who Burned years of work... Sure some might say, this or that.. "Its just Data" But it was MY DATA, theyre compiling all their own Data, but not from my lens, from their own tapped phones & web cams and investigators... ALL BIASED in a current idiot government that doesnt Prepare, know love or care for life... BUT SURE, when I'm really living I never even review my own records/memories/dead-words & records - when I'm REALLY LIVING reading seems a waste of Creation, ~~but tangential~~ like the T.V. BUT without the Records - "REALLY LIVING" will become a repeat/A.I. of old habits/issues/traumas that remain unresolved.. "What is love?" MAKING SURE THIS DOESNT HAPPEN AGAIN FOR ANYONE - a international archive, lifeline, health, backup systems... THIS IS WHAT HAPPENS WHEN YOU DATE/RELY ON/OR ARE BORN INTO RELATIONSHIPS WITH PEOPLE WHO DONT HAVE THE SAME VALUES or care for your life

I'm POSITIVE they were hoping I'd die in prison these EVIL, IDIOTIC, SINFUL SHIT FAM/FRIENDS who ARE SO BLIND TO LOVE. -> NOW TO ESCAPE MY GRIEF BY watching the news and seeing people with less lose more children, property, life, dreams, hope than I and to Stand up for our COLLECTIVE, CIVIL, UNIVERSAL HUMAN RIGHTS.

/// honestly if its gone I think it makes me look worse than if I could show how decent it all was.. but I AM ALONE SO ALL DATA is BRING UNSEEN AGAINST US/ME

(1/14) So, the retards continue to come in full force, to invade my privacy. Obviously my past work & ~~of~~ portfolio is not good enough for them to see me as love - BUT, I want them to be happy so I keep trying to give them what they're looking for, something sicker, nastier & more badass... So I keep trying to up the Ante and become the writer they want & need!! / Let it Be known: "Surrey Sounds like Sorry Spencer Joseph Barrett for hurting you again & again" WAS intended to be a Call for Canada to help me hold USA accountable for Civil & Human Rights violations, threats & assaults against my 808 life. BUT Canada decided they wanted to join USA and continue/compete in the abuses. Why would you not talk to the person whose publishing about the Systematic Distortion of Information? /// So, even though I think my Portfolio is pretty darn relevant, decent, well founded and considerate of not just my 808's health & safety but my family, ecosystem, city, bioregion, nation, Planet & potentially whole Solar system! (Backup Solar System's are smart, forward thinking, true Emerg. Prep

HUMAN RIGHTS PORTFOLIO:

/// welp, guess its not good enough.. Parmesan Dont Believe Nothin' til he sees it... still, someone should help him write a Last Will in the likely chance he isn't Jesus & other alleged immortals and does in fact die, like the rest of us.. So maybe the only proof we need to give these bastards is a happy family to watch/know/meet/greet, surely the T.V. is not believable, but maybe if Parmesan made some new friends in his community, he could Gain the Trust his own father never gave him!. What's Parmesan really looking for? Thats the question... The father Complex HA! Somehow Jesus - Belief in the GOOD FATHER actually helps people, but Someone, Some Thing must've built/earned the bond/Trust for them to Believe in Jesus/Love (The claim: people cannot believe or know Love/Jesus unless they were blessed to have recieved it: attachment style origins) Wouldn't that ~~be~~ be SPLENDID if GOD, The All father/parent/mother were able to respond in a direct inarguable way? Signs of Nature can be so difficult to interpret and so variable to so many perspectives! I like ◎ △ ▽ + ~ ◎ m

BUT Maybe its all your Mothers fault! and her myriad freudian Sex drive for her Children! (Because mothers aren't as disciplined/spanked in USA culture /punished for such things... shhhh dont tell on ye witches!)

//// (1/16) 23:56 - it is really sad, how excited I am to work on a project (The Rules for The^cc Foundation [] have already been made (civil/Human rights (+ transparent opensource accounting for news) portfolio + Directions+, BC) But then when I come out to this group/community space I lose all inspiration become depressed: ☹ why are they killing themselves AKA why dont they care? When surrounded by others who live in disbelief of you/GOODNESS OR Higher vibration living, the more sensitive will be weighed down //// AND Horribly, I am forced to engage in the infectious pseudo community just to use a pen (How HORRIBLE to not allow pen in private space for private prayer/worship/focus - everything here becomes tainted by the guards - it is truly torture.. so many dreams/excitements/hopes brought down by these disbelievers who rudely make thumping noises during my writings, or who just start blabbing excessively... Solitary confinement is preferable to pseudo community abuse/betrayal/backstabbings... Lost in this womans nightmare/hypnosis (the same one who claimed I threw a pen at her, big rimmed glasses narcissistic delusional/blind selfish woman.. but of course, we/I just have to sit & suffer because I cant gain their trust or attention or inspire them, they just need to go back to school.

//// it should be known, I did not take a poop today ☹, when I tried Parvianen & Matt began to speak loudly, often more conversation begins, louder more guards appear ☹ quite pathetic for 2025, healthcare science - we are apparently still in the stone ages of superstition assholes who dont deserve children (every guard here does not deserve children, ☹ should be required heavy coursework/training if they have any or plan to... no child or adult should be demonized/tortured (✝) Healing is possible pray for thy enemies (if you cant escape them) still this is so hard, I dont think anyone is my enemy yet they do & will treat me at death, and I am not enlightened or submissive enough to forget human rights ☹ not LOVE... we will ...

(4/19) Requested my "Remote Priviledges" back and apologized, for
possibly offending "Sticky Remote" - Thats why you can't be honest!
(I asked to clean off the remote a few weeks back and
shortly after had lost my remote priviledges - if I was just
dishonest or silent & unhygienic (like most, who return's just
remotes without sanitizing I would have been fine/still-allowed -
I PRESUME) Now however illogical it may be for them
to restrict my access & force me to watch hellish commercials
with the purposes of: a) antagonizing me (inciting me to violence/outrage/emotionally) [insert above: incite effect/power flex]
b) "correcting" my behavior (this is not a correctional
facility ~~& even if it was~~ (you're supposed to help with immig-
ration, not make it harder: you Canadia Trump wannabes
deporting people with valid skills/abilities to be used (your
whole country has a smaller population than many cities!
Canada is built on immigrants labor!) & even if it was a
correctional facility there are much better ways to go about
it - positive reinforcements, Healthcare, EFFECTIVE/COMPASSIONATE/
VERIFIABLY SECURE communication) - WHATEVER the
reason, it makes me forced to recognize MOST PEOPLE
do not consider the true underlying/multifaceted
meanings behind an action ~~before~~ behavior/scene/
art-piece... its like most don't even try to look for
meaning, they just determine 0 or 1, good or bad...
and thats it, for the vast majority of simpletons/sheep
- They are not paid to find meaning, the question of
Lifes meaning is pointless to many! ITS "EASIER" to
just decide if its GOOD or BAD.. // I addressed a
new guard, who I was glad didn't force me into the
trenches marks/worn paths of other peoples expectati-
ons/judgments/bias/rumors of me and hoped he
could spread the GOOD News of reducing their Nazi
behavior (dehumanizing us) by meeting our basic
needs - A MAJOR ONE: SECURITY in communication
and other realms (secure food, water, (basic needs) secure family
(HOPE MY KIDS ARE FINE (WOULD BE NICE TO NOT HAVE TO HOPE, I
WOULD LIKE PROOF)) But the Government doesn't want to
learn love, they wanted some BS Hollywood Crime thriller
because they all DRASTICALLY NEED an ego-Death/awak-
ening/Reality-check to realize they are wasting this limited
opportunity on earth & will regret every moment they did
not LOVE... WE WILL CONFORM/PEOPLE PLEASE - that is the function of
(superego & ego) consciences

(1/21) They have too much power and not enough compassion.
I have too much compassion, and not enough power → Matt 23:4
They tie up heavy burdens, hard to bear, and lay them on peoples
shoulders, but they themselves are not willing to move them with
the finger. //// WHO DO THEY (this institution) WANT ME TO BE?
Because there is overwhelming evidence they do not want me to

of Demonizing and Traumatizing. IF we are going to
make the courts more honest / Transparent: Because
currently they may be trying to protect some individuals
from the Overwhelming-Rage/Passionate-vengeance of
others (Thats one reasonable argument I can see
why the courts & cyber footprint/Internet History are
kept hidden/protected/private from uneducated/mis-
understanding/violent eyes/minds/hearts... //// I say

But the false fathers/authorities: DPB, local & nation/Global
Governments BECAUSE it is their slow responses, conditions
of confinement, lack of alternative options (see more in portfolio of
legal actions concerning: Defamation, Wrongful Deaths, Appeals/Habeas
CIVIL SUIT, emergency backup mandate and most recent
IMMIGRATION standards (which mimic Civil suit, but which should
obviously be even higher standards, as these individuals are not

immigration) //// (1/22) A "Decent" argument? "They think he's making [excuses] ☆
everything up to avoid his responsibility to his wife and kids" Rebuttal:
1. I can lead them to facts, but I cant teach them to peer-review/research/
care (intellectual pursuits are pointless if the government doesnt change!
adapt/utilize the information ~~it~~ if we feel powerless/learned help-
lessness, its more about whatever beliefs make us
happy in our forced slavery ... ☆
This argument applies against all lack of self [illegible] ... thats why we dont care to listen to others ... because it doesnt matter if we listen, the Government is filled with Retards [illegible]

(1/22) [continued "A Decent? argument"] 1.b. The general public does not care for peer review/academic accomplishment/A foundation of education is pointless if the Government/over-arching authority is too stupid/slow/corrupt to utilize/put it to use
2. it is not easy to be a revolutionary! all advancements & increases in efficiency can be dismissed by idiots/uneducated-sheep-simpleton drones as "Laziness"/"Handouts"/"excuses" - Here is a good picture for these bad cops/authorities/mayors/governors & parents/managers/boss's : you're just being lazy stop driving your car and carry the groceries home, without a wheel... or better yet, grow your own food, you lazy citizens... Heres another picture: travel by foot to deliver a message because using a phone is lazy... (ALL Prior Pictures are making fun of those who stall progress/technology/efficiency/inventions: ways to make life easier/happier/healthier... ~~INSTEAD~~ BECAUSE they are brainwashed into thinking of Human Nature as "Bad"/"unconscious"/"sinful" (usually because their will was so dominated, their inner child/dreamer crushed to ~~act~~ forego a world of colorful shapes for grey blocks/blobs (A child has a bunch of excuses/ideas/defenses for their actions but usually the environment is too slow/static/immovable and their friend/authority/parent or "teacher" gives them a deficient-belief-mantra to repeat, instead of the tools to remain awake/problem-solve - This is a return to the deficient or negative use of the term "opportunistic" used in the negative way of saying humans will take opportunities or advantage of others, at the others expense, to get what they want - BUT in the positive way, you could say humans have the ability to escape artist out of any catastrophe, disease/illness, cage/cave/bind... such as: off this earth to other planets, solar systems and Galaxies - why has that problem not been solved? Do we have backup plans if this sun/star fades/dies/collapses? will all our achievements/artifacts be for nothing? Have we even prepared for planetary collapse (volcanic, cloud cover, natural disasters) LET ALONE WHOLE SOLAR SYSTEM COLLAPSE? Why are we so slow to prepare/advance/unite/problem-solve and why are we so quick to persecute/attack and individual instead of a collective?

I've done Court reporting, multimedia production & Broadcasting on Peace educational templates (working on my own Academic thesis following the culture of Peace Declaration)

It's education, discipline, CONSENT (important not just for sex, but property, values of traditional men/societies Protection of property, bearing arms, speedy trials,) SO if SOCIETY really wants to move forward, it will have to take its own laws, beliefs (records of) seriously AND TO HELP or live by the values they claim to have. Hassan will do what his militant/police/government tells him to do, no matter the logic/ethics/morality because he has to make $ to feed his family and unfortunately our modern economy provides more value for sex than creative inventions (The reason for my planned deportation being I didn't "put out" enough or I didn't make enough customers happy for pimp daddio Canada Trudeau) 3. The current job economy ~~encourages~~ results in people doing the bare minimum, sometimes less, just to get paid to support their bills/expenses (2) Disciples/a guru, the benefits of a partner/loved one breath transferred from afar, without which, one is reduced to just another viscious serpent in a pit of unloved children - How the Guru, enlightened medium can take the pains of Children, whose parents would rather they die, then give them the attention and love they all deserve. Unconsc-iously forgoing/abandoning the child is the worst insult possible) (3.) Cops are the problem (their negative worldview/narrative & lack of changing/problem solving/petitioning for a better world - their joy of oppressing/punishing Sado/Sadistic pleasures - their reflective father complex/primal & very ineffective in long run, but slightly effective in short term solutions (4) = What are you doing right now" "flying through space!" LISTENING is a real, measurable exchange of Breath

Because to listen to someone else is to forego yourself (your own needs/worries) for a moment, to consider another & AND the reason people are so bad at listening this day in age (Globalist/expendable/anonymous society) not just lip service, but real memorable active consideration, modification of behavior to help attend to mending the speakers concern - the reason people are so bad at real listening is because the very design of society encourages/conditions temporality (people come and go, individualism / illusory self-reliance (true self reliance is eco-minded) - OR MAYBE/MOSTLY why even listen if the system/government is so slow to change/adapt/modify or implement lessons/protocols/improvements/suggestions to MITIGATE our legitimate griefs/concerns. [has the current system/government become too bogged down by private & interests, certifications/permits, too lengthy & unrealistic to the modern attention span] → WHY do that, if time & time again, you see they dismiss your needs for Security & ignore your persistent work/vision for a Secure future (see end of pg 136 (why listen to a new idea, when it's more about whatever beliefs help us sleep best) /// (2/6) I made Hassan a promise by the will of God, that I would catch his employees like they've caught me, and I will study them like the beautiful & unique insects they are - because they are wasting human life & potential, its out of hand. /// The History of Humanity is actually retarded (so much unnecessary killing, death, torture as result of bad communication systems /// Bear Bryan, coach from 50s to 80s (name of newest "inmate"/arrival, who is quite rebellious/problem-child, belching loudly talking to Jesus in mirror, puts

(2/21) ~ 12~~25~~ H. Singh followed up re appellant's record (10 pages) after giving me a spare, blank copy to re-fill ... ~1300-1345, bed shake and left ankle pain, Brar, singh & ~~those~~ came to ask about Sandwall (I thought they were referring to lunch time ~11:45 where I asked him to get away while I eat (was sensing disturbance in force from him, extreme predator/interrogating, thought it was some drug in coffee (increasing angst/worry @ some moments))

- Thought thatt why you guys hired him (to instigate/try to scare me out of Canada) I said to Brar, could've been taken in different way... obviously do not like people disrespecting my space...

- should investigate from a foundation of Peace, otherwise all results will be in error" ... - should investigate PTSD, see if that's real" ... "ever wake up with the taste of Pope Francis on the Tip of your Tongue? m, I gotta get outta here" - "You were an altar boy weren't you? I'm sorry what the Church did to you. ~~But~~ the ends will justify the means ... whose gonna be the accountant at the end? ~~///~~ fight club Qualudes or the Nature of Love? Bind to Betray it? Just like Celtic Michael said: "You wont Remember" but I did ... a wet exit from another ontop of me on my bunk, a quick nightmare/flash "just a dream"? just a skit? ... The whole Reason for "TRUMP" - To filter those who really do care from the toxic testosterone possessed foreclosure predator identities who dont take well-founded fears (multiple levels) & Rape, Seriously... To Categorize & seperate/give options/alternative to the Raping Authoritarian Nazi State of disbelieving dunce caps (sad damaged children, arent we all, but to give freedom away from the Repeat offenders/more traumatized /unconscious for those who want to/still can believe in Love)

// (2/22) yesterday morn Cesar left, after lights were kept on all night... yesterday Sandwall was taken to "wet cell" sometime after I wrote that piece // last night saw Gov. Agent/military/soldier AKA "Barefoot" AKA "Bare throw some headphones on ground - so much money dont even know what to do" from his selling of crack/bathsalt/mil. exp drug crystal lookalike (who knows whats in it) to help to Gov. take pictures of itself giving drugs to itself and smoking drugs it gave to itself - HOORAH, USA .. now we can legally take away our own children! Because the distinguished, elegant sober parent is not only better at fondling the child, but also at hiding it - shoutout to the CHURCH, who get away with 99.9%. sex crimes. // TOWARDS a HOLISTIC GOVERNMENT, not trying to steal your kids legally by easy conditioning you to fall through planned cracks in floor 164

(2/22) "youre an alien, you made us all look retarded... atleast our gov (canada) is less worse than 'yours'" "I do not identify with any modern governments of Man, only those gov's found in Nature [which Man continues to dominate, kill, exploit, misunderstand, disrespect] – its much easier, this day in age to [end-the-schism] unite the gov through modern surveillance & comm. systems, now we can ID all parties, which are allowed to persist via the current gov

// OR REFORM ② INVESTIGATIONS: ① Reform Schools by Christian missionaries who murdered indigenous & stole children did (and always do: cause: science of IMPRINTING: blind to betrayal: Human Bonding/conforming/collective conscience) ② investigations (holistic science) environment to environment & complete // Manned the carrier of disease, touched my daughter with everyone else; they all get to touch her but me and she has tentacles that hurt my body, they are those tentacles, all the politicians thanks USA... & canada now...

// A Philosophical Quandary: if everything disappears at the end, does that mean everything is fiction? (to those only living for themselves & not the community, yes... so live for more, that which comes after because the current records are all overwritten/changed/modified/defined // YOU PUT THE ISIS in d Suspect ;) // Called the UNHCR Sarah 2x (1) Parmesan's nose picking ② religious rights, I LOVE LUCY, politicians pretending but not building a world for our children to inherit... // (2/23) 13:57 horrible headache is gonna force me to eat, began a fast yesterday morn, regretting after Parmesan pulled a nasty booger out of his nose with a tail attached [drawing] made my stomach turn & sick @ the notion/possibility & likelihood that everyone here is actually doing that to my food spit poop, semen, feces, urine, blood,

✚ God save our souls from the childish spirit of vengeance/ignorance/disease... But once you get a bad headache you'll probably eat the boogers :(// "They're taking our jobs!" Thats why they wont let me into Canada or immigrants in general, but the real question is why we lettin all the women take our jobs n stay kids, just stay at home dayum, I'll be a @ home dad – OK IM FREE NOW BITCHES! // They chose to study & explore rather than hunt & exploit & embodied the best of the Human Spirit which has enabled us to live... at the poles (64.5°

About this Medication

How does this medication work? What will it do for me?

What form(s) does this medication come in?

How should I use this medication?

Who should NOT take this medication?

What side effects are possible with this medication?

Are there any other precautions or warnings for this medication?

What other drugs could interact with this medication?

There may be an interaction between hydrocortisone - zinc sulfate and any of the following:

- other medications that are being applied or used rectally
- other topical medications that contain corticosteroids or that have irritating effects

If you are taking any of these medications, speak with your doctor or pharmacist. Depending on your specific circumstances, your doctor may want you to:

- stop taking one of the medications,
- change one of the medications to another,
- change how you are taking one or both of the medications, or
- leave everything as is.

An interaction between two medications does not always mean that you must stop taking one of them. Speak to your doctor about how any drug interactions are being managed or should be managed.

Medications other than those listed above may interact with this medication. Tell your doctor or prescriber about all prescription, over-the-counter (non-prescription), and herbal medications you are taking. Also tell them about any supplements you take. Since caffeine, alcohol, the nicotine from cigarettes, or street drugs can affect the action of many medications, you should let your prescriber know if you use them.

Lack of basic Necessities and needless/time-consuming requests not met, but required over just providing basic Materials

However, if you would like the ID to consider a request for an in-person hearing, you can submit a request in writing to the same email or fax number as stated above. The request must include an explanation of why an in-person hearing is necessary, and you must show that a copy of the request was sent to the Canada Border Services Agency (CBSA) who will have an opportunity to respond to the request. You can send a copy of the request to the CBSA by fax at **604-666-4835**.

You may ask your counsel or a CBSA official for assistance in sending the request.

(10/18) Fri. Adam from CBSA came back (after wondering about my fast, just missed 6th meal. he helped me get the information necessary to file a complaint against Officer Gary Wong, for assaulting me ontop of an unlawful arrest (I did not give my name) (on 10/11/24 ~ 8am) file # 24-151833, I called the Supervisor Sgt. Atwall but he said, sadly, no recording equipment (no video or audio) exists in their vehicles, or for Walley. ////

Today was Interesting, a few interactions that occurred before I broke my fast (which began after lunch on 10/16) ① You cant tempt me! I'm just kidding (dont even know her name. Later asked her to marry me, too cute, she makes me smile even on cloudy days) ② Get massive headache after reporting Wong to his Supervisor: Sgt. Atwall, for the Assault on my Temple 10/11/24 ~ 8am, file 24-151833, unlawful arrest and excessive use of force, supervisor asked what I wanted done: Officers held accountable, body cams or recording devices, he told me to file complaint online @ Canadian Police Complaint Commission - his contact is @ Surrey RCMP, (604) 599-0502 "to start complaint" I gave ★ him my current Contact info: CBSA Imm. Holding Center, 13130 76 Ave, 778-591-4101 ③ decided to eat & advil to reduce Headache, complications w/ the woman I proposed to, caused to take longer, couldn't initially digest food, she never brought fruit as she said she would. I blamed her for Cursing me, but later asked again if she would marry me (after telling her not to worry or think she's special since I ask "everyone" then I said "sorry" and got sick & tried to eat, went through crazy moment, saw nurse after shower Cranial Massage, all felt like an NDE for a few moments... I thought it Romantic /poetic I chose to eat or be tempted by food again in front of her, but think she may in fact be truly evil, and had contemplated how Scary Love really is the first night of my fast (paparazzi, stalkers, obsessive fans, their temptation to possess or rape, etc) But talking with Gill & Evelyn that night really helped me realize no one cares about the World (and likely cannibalism if Grid goes down)

The documents that you provide to the Minister's counsel and to the Immigration Division must be received (a) as soon as possible, in the case of a forty-eight hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases. If your only option is to mail your documents, you must allow seven days for the documents to be received. You must bring any originals of these documents to the hearing.

Please note that any document you plan to use in a hearing must be typewritten on one side of 21.5 cm by 28 cm (8 ½" x 11") paper and the pages must be numbered. This includes any photocopies. If more than one document is being provided, please number each document and provide a list of the documents and their numbers.

6. Translation of Documents

If you have documents that you want the Immigration Division to consider at the hearing and those documents are not in English or French, you must have those documents translated into English or French. Your translation must include a signed declaration by the translator that states the language that was translated and that the translation is accurate.

7. Language of proceeding

If you wish to change the language of the proceeding to French, you must notify the Immigration Division in writing. The Minister's counsel and the Immigration Division Registry must receive your notice (a) as soon as possible, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases.

The Immigration Division member will ask witnesses to affirm that they will tell the truth. Persons concerned and witnesses who want to use a holy book to swear an oath to tell the truth should bring their own holy book.

11. Expert Witness

If you intend to call an expert witness at your hearing, you must provide a report signed by the expert witness which gives his/her qualifications and a summary of the testimony he/she will provide. An expert witness is a person who has specialized knowledge through skill, education, training, or experience beyond that of the ordinary person. As an example an expert could be a person that has studied and has extensive knowledge of a specific political organization. The Minister's counsel and the Immigration Division Registry must receive this report (a) as soon as possible, in the case of a forty-eight-hour or seven-day review or an admissibility hearing held at the same time; or (b) at least five days before the hearing in all other cases.

These are the most important rules that apply to your proceeding. If you want to read all of the rules that apply to the proceeding, they are available on our Web site at: www.irb-cisr.gc.ca.

3. Counsel:

You have the right to be represented by counsel, at your own expense. You may, however, be able to receive assistance from Legal Aid. If you wish to be represented, you must take immediate steps to obtain counsel. If you choose to retain counsel who charges a fee, the counsel must be a member in good standing of either a provincial law society, the Chambre des notaires du Québec, or the College of Immigration and Citizenship Consultants (CICC).You must notify the Immigration Division Registry, in writing and without delay, of your counsel's contact information (name, address, telephone number, fax number and any email address). For counsel receiving a fee, you will also need to provide their membership identification number and the name of the organization. If you will be retaining counsel later, you must provide to the Immigration Division, in writing and without delay, the same contact information for your counsel.
If any of this information changes, including the fact that you are no longer represented by counsel, you must immediately notify the Immigration Division and the Minister of Security and Emergency Preparedness.

4. Hearing date

If you authorize someone to represent you after a hearing date has been set, you are expected to look for someone who will be available and ready on that date. If the Immigration Division thinks that you were given enough notice to find someone to represent you on the hearing date, do not assume that the date will be changed because your counsel cannot attend. You may need to hire new counsel who is available on the scheduled date.

5. Disclosure of Documents

If you have documents that you want the Immigration Division to consider at the hearing, you must make a copy of all documents and provide them to the Minister's counsel [from the Canada Border Services Agency], **and** to the Immigration Division at the following email address and/or fax numbers :

(10/18) Just left a Voice mail on Nico Breeds phone in regards to findings/comments I made on the 20 page report under Subsection 44(1) of the Immigration and Refugee Protection act.

I guess, if Christ wont protect the Children from being abused/molested/raped than I will be the "anti-christ" because of the horror unveiled in the statement (translation) "love your neighbor as yourself", this is a BAD /Commandment, many people want to be hurt and hurt others. We do not all have the same love language and that is why CONSENT is so essential. (However, I always try to remind people of mistranslations and the need to develope universal language) Both, This thought stream is in relation to so-called religious teachers and "God-fearing" men/women who are not held accountable (and if God wont hold them accountable then we pray for a Brotherhood/Sisterhood [Habitat for/of] Humanity. It is unfortunate to have to break a commandment (crow should not kill) but God is slow to anger and once his/her/is patience is used up, there becomes only one resolve/(tension)/backlash/reflex for the sleepless/traumatized/vengeful and that is the Thanos-drive. This is a ~~my~~ defense for ~~SOME (not all)~~ military actions (a retards who cant understand whole sys. science) (NON (They have the resources to create Green Pastures)). However, I ~~believe~~/know we could design environments/green-pastures to limit/eradicate the rise of anger against the untrained/undisciplined/carnal/unconscious/primal man who does not respect boundaries/content or any Societal contracts (subliminal/covert or overt). Before I notified people of the Science/blueprint/CC-context map, this was unknown ("forgive them for they know not") but now that they have been notified, the Military is guilty of much more than ever before. [illegible] they do not believe in God, we have Laws for [illegible]son. 14

Connecting virtually to a hearing

Participants connecting virtually to a hearing from a remote location, such a home or office, will use a personal computer, tablet or smartphone with a camera and a microphone to link into the hearing. High-speed internet (minimum of 1.5Mbps) is required and in case of connection problems, access to a telephone is also required.

Parties must have their camera turned on and be visible on screen throughout the hearing. If this is not possible, you need to tell the member at the beginning of the hearing, and they will decide whether the hearing can continue.

If you have counsel and have not received the link to the hearing, it will be sent to your counsel who can share it with you.

Participants can visit the IRB website at irb-cisr.gc.ca and click on Hearings at the IRB on the main page for more information on connecting virtually to a hearing, including how to set up and use Microsoft Teams. The direct link to this web page can also be found at irb.gc.ca/en/legal-policy/procedures/hearings-at-the-irb/pages/index.aspx. If you have further questions, please contact your regional ID office at IRB.Western_ID_detentions-ouest_SI_detention.CISR@irb-cisr.gc.ca

Risk of participating in a virtual hearing

There is a risk that a third party could obtain information being shared over the Internet during a virtual hearing.

? wtf (Then IT IS NOT SECURE)

Virtual hearings use the Microsoft Teams platform that runs on a secured Government of Canada network. For more information about Microsoft Teams security features, please consult www.docs.microsoft.com/en-us/microsoftteams/teams-security-guide, or to learn more about the simple steps you can take to protect yourself online, read about cyber safety at www.getcybersafe.gc.ca/en.

What should you do if you prefer to have your hearing with all parties physically present in the same room, including the ID member who will decide your case?

You can make a request for an in-person hearing and when a request is granted by the ID, the member will be present in the hearing room with you, and your counsel, if applicable, as well as the Minister. If the Minister or other participants, such as the designated representative, need to participate virtually at an in-person hearing, they must notify the registry and the other party in writing by email at least three working days prior to the hearing.

How to Make a Request

If you are detained at an Immigration Holding Centre (IHC) and would like your **30-day detention review and/or admissibility hearing** to be in-person, you can make a request orally at your hearing, or in writing up to **5 working days** before your hearing. You can send your request by email to IRB.Western_ID_detentions-ouest_SI_detention.CISR@irb-cisr.gc.ca or by fax to **604-666-3043**. The subject line of the email and fax must include the ID file number and hearing date.

I would prefer to meet with more transparent doctors/nurses and have the right to see what meds THEY are on

Because I prefer Naturopathy /organic plant medicines.

and do not want to see a Medical person who is not-comfortable/transparent Sharing the meds they are on in order to make my own decision about whether or not I should consider their advice.

Possession of weapon for dangerous purpose – look @ that wording... is a weapon by its very definition "dangerous" and is self-defense "dangerous" or the opposite = "protective"

(10/29 Tues.)

DUMB MOTHERFUCKERS who dont know how to read, who are the sheep, the killers, the blind servants. NO ONE WANTS to do such a thing as what I've written in the past, in reference to the Sci-Fi novel where the teach / train / raise "Masters" capable of killing that which they love, to prove their loyalty or inhumanity. A great book, I did not write more on by David Wolfenton "enslaved by love" & the Central / South American gang raised children who kill a pet or family to attain the privilege or curse of being a "Master" All these idiots never become "Masters", we always serve someone, sure they gain rank, but are yet under even more of a threat... He said in 4th grade someone called him "turtle kneck", but he didnt know why or I dont... multiple reasons, turtle can pull its head back into safety of shell

(10/29 Tues.) just tried to explain to a guard that although he is only supposed to follow the rules of his Supervisor / authority, as this is a job for money (I felt bad "yelling" @ him about my Prasad / flesh offering for Mother Earth (removed from my sandwich, to make it Vegetarian) basically it wasnt personal at all but no food to be left out after 11? (doubt its even a rule, but I'll extend the benefit of doubt, even though it isnt extended to me) and then I spoke about HOW IMPORTANT IT IS TO CARE ABOUT THESE PEOPLE HE'S "GUARDING", where they come from how theyre here, like cause I SHOULDNT EVEN BE HERE, I DIDNT COMMIT A CRIME (he didnt care, he just smiled politely) and I SAID WHAT IF SOMEONE WAS SEX TRAFFICKED FROM ANOTHER COUNTRY AND YOURE JUST "GUARDING" THEM? (Holding them captive, not even interested in where they came from or how easy it is to put ANYONE IN HERE?) and I tried to explain How its expected that a "Good Soldier" never question or disobey a Commanding officer or one of higher Rank, and Many military men would cry / complain / grieve @ literally sponsoring / supporting / aiding & abetting crimes / sex-trafficking in their own bunk houses... THE EFFECT OF PSUEDO-COMMUNITY, common place small talk & Superficiality 29

well, I accepted an opened coca cola from Yessing, I hope wasn't another assassination attempt, but I cannot be bothered to live in such fear all the time, especially when no one else considers my WELL FOUNDED FEARS & THREATS AND ASSAULTS on my person, which are increasing & likely more than I have counted or recorded / been brought to my individual/limited awareness! - it is now 12:02 on 10/30 and that was in the last hour or so, main room, ~~next to~~ table closest to couch... funny enough "he yelled at me "IS THIS YOUR HOUSE?!" after I did dishes & threw away his bread (first day) I told him I was new & to give me benefit of doubt was just cleaning... "funny" I trusted him and as he sat after the gift, I said ~~I hope~~

[(10/30) 12:10am] "Maybe we can do work in the future together" BUT IT IS DIFFERENT, he's biggest guy here, yessing would be sad but in Limbo, it's S. please sounds like gets to the point of "FUCK IT" YES MAN, yessing... would prefer to not have these VALID CONCERNS FOR MY & OTHERS WELFARE... but I am just a fart in the wind to these judgmental assholes who are too stupid (I forgive them for not understanding my context map/science) But I am not Jesus/perfect or able to transcend my environment/lack of security/communication/accountability/checks-and-balances... I just "heard"/"thought" incoming statement ~~& wanted to see if you~~ (OH I WISH TELEPATHY OR THOUGHT POLICE was imaginary :)) with enough *UMPH* /passion/care/attention to detail & listening/sensitivity to my own Body/value for life, to Monitor & flush toxins to the best of my abilities with limited any possible resources... BUT, sadly, Yessing may be a sex-offender for the cops & unable to make decisions for himself, too cowardly to overcome the EXTORTION that holds him by the balls, even SUCH A BIG MAN AS HE... actually fall in Love with my assassins but still think he should be held accountable. I fall in Love with many, quite easily. As if they thought it better to kill me than applaud me for my work/service, what jealous dumbfucks who should not be given such Surveillance powers without PROPER EDUCATION on BIAS/CONTEXT/EMPATHY... Dumb assholes might try to IGNORE ALL MY WORK AND ORIGINS WITH THE CONSENT (~~Provision of~~ provided with alternative options) FOR MY GRANDMA... "in they wanted to die" ARE YOU FUCKING RETARDED?! life is not programmed/designed to want to die, that goes against everything life/consciousness IS - periods of suffering exist, sure, but that is what doctors, medicine, religion, faith, is for! ALL SUICIDES ARE PRODUCTS OF A INVOLUNTARY/UNCONSCIOUS STATE/government of Warfare/disease/depressing-designs/psuedo community/disbelief in the universal dream — I have always...

just called one of the guards a bitch haha, "I like you though"
in Monika & Kahlon, I scared Kahlon though I think...
with my Strange inquiring & curses at Monika, haha, I didnt (lol:))
even know Monika was the same as the "poop day" with the
Chinaman. Monika didnt give a fuck about possibly sex traff-
icking people because only CBSA knows the people & they
dont know anyone, and I didnt even wait to see if Kahlon
answered "yes" to "would you Marry a Refugee to save
their life?" Monika said she already answered No to this
and then sat there in constipated wide eyed disbelief
as I explained how Nazi guards were held accountable
(hung) for their position at concentration camps... any-
ways I feel like a fucking asshole now for pushing so
much heart pain onto her, but her last name does
sound good, like cologne or maybe Musk would keep me alive
since the General Population / Public doesnt "believe" in
magic/love, my unbelievable Story/life/risks for them &
will save/preserve me like the exotic/rare animal I
am. ~~[illegible]~~ lol so I kept cursing @ Monika but she was nice, I
did tell her I knew a ~~[illegible]~~ Monika from highschool friends
with ariel Rosen, a sloot in her youth but she was cute ;)....
Worm (2x) ~ So, in "Female Rec" The Punjabi's witnessed me
FIRST, bring them a very slow fly I found ~~[illegible]~~ on the gate/
wall, THAT was a few days ago, TODAY I put on a Hijab after
telling an Indian to put his finger in his butt because he
looked cranky/constipated/upset, and then I felt bad or couldnt
help the giggle/laughter and told him I cared more about
his health than the nurses (everyone just needed fiber or a
laxative) OR a peaceful environment! less motor/engine noises
(Air condition systems etc, bathrooms could have water running
too, but I was on Stage "welcome to my ministry, end the schism,
should it be legal to record me taking a poop?" I explained my
desire to not flush poop, prefer compost all organic vegan poop -
an Indian came in though and said "youre under arrest"
which made me quite giggly (very sensitive/soft voice, not intim-
idating or forceful) and I hummed the Halo 3 stand by
screen Monk (Baritone? choir song?) TODAY in Rec, I found
a worm and it dried to concrete, I picked it up & delivered
it to the Punjabi's saying it was okay cause it has 5 hearts &
then I realize I cared more bout the worm than

"my dad fucked up my face, maybe yours did too..." but I'm not your dad so don't project him onto me! I just asked if the guards were sex trafficking each other, Monika is quite fuck to fuck with because I know she is a biatch but she thinks she can cat fish me with her big eyes, I told her not to open so big or they might fall out, but I actually respected Kalone and so was more careful

called "Monika", it's easier to be mean to bitches but I

I really liked the other woman who left already! Kalona?, with words/spoke less; intuition trusted her more than this empty/vacant/carcass/zombie

they did and assumed it may survive better on the Outside and through it over (rain may come & help it find soil) Turtle neck told me - "Could you STOP?!" picking things up, I said "Can I have the basketball?!" Dayon, nothing else to do but look for things on the ground... then they decided to be Decent and deliver basketball... with my friend ASS ASS IN (2 asses in what? english is fucked up) when I returned to Bravo Unit I announced in my Hijab "DON'T EVEN THOUGH WORMS LOOK UGLY MOTHER EARTH NEEDS THEM FOR GOOD SOIL" I'd wore Hijab after

(10/30) {ARE YOU SUICIDAL BECAUSE NO ONE BELIEVES IN YOU/Love/Humanity]?"}; my preaching was pretty good today on toilet and even though I finished all the Evidence I realized that calling out Daniel (Patrick Barrett and his death by poop packing in prison) made it easier for me to poop. And then I promised to constipate the whole world in retaliation for my lack of Peace/respect/dignity/privacy to poop. But being Vegetarian is Good... The previous preaching I sponsored [consensual] clitoral circumsicion and applauded Ukraine, Russia, Palestine & Israel (this was when I FLUSHED TWICE (Nayeemi witnessed) YET MONIKA 10-28 tried to make me flush the China mans poop!, and they just let it sit! finally I masked up & put gloves on, went in for the surgery & succeeded in eradicating it, BUT I felt like I somehow offended Sam/Elam by almost vomitting first time (very close to real up-chuck, but fear of CBSA's incoming "BARRETT ARE YOU OKAY?!" illusion of care scared me into my room and their disbelief in my pain/sickness actually helped me heal (like my fathers own lack of care or belief in my pain actually helped me heal? (very bad medicine to assume all inquiries/calls for help are laughable acts for attention) /// I keep picking my nose to the irritation of my observers who claim that they want to turn me into a god with their radionics Thought Policing/editing (invasion - BUT they're given SUCH POWER and lack THE BASIC EDUCATION [MEET BASIC NEEDS (like Security & communication)] Sadly Trudeau wants me to be his forever Sex slave & I cant reflect a God only a nose & a butt picker & LOTS OF KETCHUP FOR MY FRENCH FRIES, damn I'm hungry...

(these dumbass Nazi's are STUPIDER than animals, trying to make humans into gods by BELIEFS (∇) instead of MEETING THEIR NEEDS (∆) but he really "loves" me or my butt, idk... Saw D. (10/30) Sorry Mr. White, I thought you were an actor

The Supreme Court just sentenced another Innocent Man to death! Why DOESNT THE SUPREME COURT CARE?..

THIS IS THE SUPREME COURT!!!!! (Points to private area) Mr. White is going to Mexico after he smiled and said that yes he was trying to sex traffic us, which Jessing & Handmean witnessed. I said I'd come to mexico in few years to make sure he existed (all parts n pieces) so everyone could know the difference between Mr. White and I. I said Mexico deals with Demons good, but that Mr. White doesnt even believe in the honors that await him. A crocodile Dundee / fat bastard from australia trying to fuck reptiles enstead of Saving Palestinian / STARVING CHILDREN EVERYWHERE. I told Jessing, my father taught me to take the blame even if I did not do anything - and presumed he could tell the difference between a liar and not... he witnessed Mr. White smile and nod as I asked him if he was trying to sex traffic us. I waited in Shower /// his Name is Teelasone (indeed subtle accent; dinosaur) /// I came back from the Dead to retrieve my Son if that really is his Last Name, HE'S BEEN A BAD BOY this Mr. White; they call him Mister?.. he thought he was /// Chitchat - shit shot can't hear a word I'm saying & pretend → I CARE ABOUT MEDECINE MORE THAN YOU DO; do you need it in writing.. (if I say another word she will take me to her fucking Sex Dungeon) I NEED TO SEND MY CIVIL RIGHT SUIT to my hearings officer.. She asked if I told someone else to stick their own finger in their own ass ← .. heard / said .. it takes a while to build trust.. If she really cared she could find my documents. I called her disgusting because she didn't respect my Space and kept getting closer when I said to give me Space & her lack of Respect for giving me some Space makes her a rapist.. her ears dont work though and she started off after coming in with Rapist / Predator intensity, kept getting closer then said, "I heard your actually an intelligent person"

care more about your health than you! Oh no.

The court Information states that Count 1 and 2 were 2 separate occurrences where BARRETT stabbed Daniel BARRETT with a knife. A daily media police press release in the Corvallis Gazette Times states BARRETT stabbed his father with a knife during an argument and that the victim had non-life threatening injuries. Court documents were obtained from the Circuit Court of Benton County documenting a guilty plea for count 1. 1 count of assault, unlawful use of a weapon and robbery, documented as counts 2 – 4 were dismissed. BARRETT pled guilty to count 1 – assault in the second degree and was convicted of the lesser offence of attempt to commit a class B felony – assault in the second degree.

The information sworn under file number 17CR47488 states that BARRETT did unlawfully and intentionally and/or knowingly cause injury to Daniel BARRETT by stabbing him with a knife. The police media release in the local news paper states that BARRETT stabbed his father during an argument. Police reports documenting the incident were requested from the Corvallis Police Department but the request was denied in accordance with their policies. I contacted the police records department and they advised that the State of Oregon and City of Corvallis had both signed sanctuary type legislation that does not support immigration enforcement. The court states that they will not provide police reports when records are requested from them and they must be obtained from the police.

BARRETT is currently wanted in Oregon for a parole violation warrant issued 2024.08.14.

(11/8) 1:24 (not yet, he's just setting a date) in RE: are we done yet? well, I almost threw up, went to medical, she said she would give me gravel for my nausea, I asked for Pepto Bismal and it did work! Yay (right after claiming that nuclear Medicine Man-by) 1:26 matter will resume on 15 of November @ 11 o'clock in morning, Mr. Barrett gather everything... Whoa, all of;

Could we discuss relevance; Cook: this hearing, alleged only 36(2)b, no report for 36(1)b in this packet. Sorry when you asked me about, whether the criminal conviction you received, the one conviction is the central point, no refugee matters & no detention, to prepare. Does Canada Blindly accept USA convictions or is there a right to re-trial — we dont dive back in", just have to be satisfied its been proven"... Thankyou Catherine, bye everyone

He & Manpree are together, but he says he's not gay - I'm fine with brotherly love but would feel more comfortable in front of cameras or in the single cell; if my gut feeling is off about someone, I wish they would just respect it. "all requests made by "S. Joseph" with birthdate 4/18/94 (or also 1994*) and the common signature: SJB, (sometimes[2] Spencer Joseph Barrett, sometimes = or Bharata) are in fact made by Spencer Joseph Barrett

Please know:

• "Real Name" is/should (by content laws/ethics & dev.) be up to the individual [(independent of alleged "Birth parents" or financial access to the courts)][3] I did not consent to being named Spencer Joseph Barrett [nor do I remember or have proof of my alleged birth on April 18, 1994][4], and just because I do not have the finances* to change my name "legally" does not mean it is not the name I prefer to go by.

Not a lot of other things I can immediately think of - except the power of belief & some "guards" have in the viscinity, and how powerful belief is but how much damage it has done to meeting each others / our worlds basic needs (for example, and idiot cave man can use his power of belief (the age of ignorance) to dismiss all legitimate threats - such as emergency preparedness things - anyways, its now after 11pm and I addressed a guard on this very important issue - do you know how much food this province produces on its own? 70%, that means people will be forced to eat eachother or wait and pray the National guard can help them (it is unlikely it produces even 70% of its needs, but I read that BC, Vancouver area specifically, is the most self-sufficient province in Canada, and @ only 70% that means, still, 30% will be — ?... Because if there was a global catastrophe, how likely is it the National guard can serve or help everyone? and even if they could reach us, where are they getting the food? -- anyways, I had to atleast try to make this issue known to a guard I felt's presence has downgraded my own intellect / abilities / belief in self - but we should work together, not against one another - he told me to ask someone else for he didnt know, and I told Surti "I know you know what you need to survive! food, air, water! 75.525

MINISTER'S RIGHT OF APPEAL

Take notice that the Minister may file an appeal to the Immigration Appeal Division from this decision in accordance with section 63 of the IRPA. If you have retained counsel, you may wish to discuss your options with counsel in the event that an appeal is filed.

// expedited hearing - Minister puts part of blame on Mr. Barnett's lack of cooperation with CBSA & lack of Respect - derived from lack of trust when docs are trying to be sent or reviewed ~ for whatever reason - Mr. Barnett was ~ stated does not trust - Thats the large delay, failed to return Claudia's calls + Miss Gwendia appointed in refugee process, tried to contact just so paper-work could be submitted ① "A LACK OF COMMUNICATION, that allowed that to go on" - crocker

☐ PLEASE KNOW I HAVE SUBMITTED 60+ request/comments/complaints AND THEY DO NOT PROVIDE WRITTEN RESPONSE & RECEIPT

② regarding unlikely to appear, no new alt. that would mitigate Mr. Barnett's flight risk /// will speak slower, declared & demonstrated an element of direct supervision

No strong ties to communities in Canada ∴ failed to comply with parole conditions, considered a fugitive from justice, ultimately wishes to reside in Switzerland, would be difficult to locate in future ... Ms. Deziel can hear from you ∴ Mr. Barnett doesnt trust the guards ∴ ☐ Well-founded - didnt trust the officer would actually fax willing to

☐ Based off lack of Request form / compliance with Detainee handbook

/// Hub Shelter running out of funding ~ no additional info ∴ ③ transcript - no "direct supervision" would have to have found unsuitable
